

Veronica

SEASIDE

USPP 35,686

Why choose Veronica **Seaside**?

Looking for a standout thriller in the Garden? Look no further! Veronica Seaside offers us an abundance of true-blue plumes that stand up nicely, above bright green foliage, all summer long. This taller true-blue Veronica, is not only a great garden performer but is coastal friendly, salt tolerant and attracts Hummingbirds. This new fantastic Veronica is another example of outstanding breeding from Brent Horvath.

Coastal Friendly

Salt tolerant perennial
great for coastal
landscapes.

Attracts Hummingbirds

Watch Seaside's true-blue
plumes reach out and
grab those flying beauties!

Grower's Choice

Outstanding landscape &
garden performer, with
blooms summer through
August.

Features

Sturdy and upright
habit, with delicate
appearance

Tolerates summer heat
very well

All summer blooming
through August

True-blue flower spikes
sit nicely above dark
green foliage
